

ROBOTICS AND AI REPORT

Date	01-07-2026 To 02-07-2026
Grades	6 th C to 6 th D

TOPIC	PROJECT	LEARNING OUTCOME
Introduction to Block-Based Programming & Coding Box	Understand programming blocks, sequencing, and basic coding concepts	Traffic Light Simulation

WHIZFLIX AND WHIZROBO APP ACCESS

Enhance your learning experience with the **WHIZFLIX & WHIZROBO**, where you can access exclusive courses, tutorials, and hands-on projects related to robotics, AI, 3D printing, and more.

Access the course here: <https://play.google.com/store/apps/details?id=com.whizrobo>

ROBOTICS AND AI REPORT

Date	02-07-2026 To 03-07-2026
Grades	7 th A To 7 th D

TOPIC	PROJECT	LEARNING OUTCOME
Introduction to Block-Based Programming & Coding Box	Understand programming blocks, sequencing, and basic coding concepts	Traffic Light Simulation

WHIZFLIX AND WHIZROBO APP ACCESS

Enhance your learning experience with the **WHIZFLIX & WHIZROBO App**, where you can access exclusive courses, tutorials, and hands-on projects related to robotics, AI, 3D printing, and more.

Access the course here: <https://play.google.com/store/apps/details?id=com.whizrobo>

ROBOTICS AND AI REPORT

Date	01/07/2026 to 03/07/2026
Grades	8A To 8D

TOPIC	PROJECT	LEARNING OUTCOME
Introduction to Electronic Circuits and Text based Programming	Understand basic electronic terminologies, Microcontrollers and Embedded C Programming	LED brightening and dimming using potentiometer

WHIZFLIX AND WHIZROBO APP ACCESS

Enhance your learning experience with the **WHIZFLIX & WHIZROBO App**, where you can access exclusive courses, tutorials, and hands-on projects related to robotics, AI, 3D printing, and more.
